Do You...

Feel pain in your stomach?

Not want to eat?

Want to throw up?

Need to use the toilet too often?

ALWAYS TAKE YOUR PILLS WITH FOOD.

If you don’t feel better, TALK TO YOUR HEALTH WORKER.
How are Your Ears Working?

Do you...

Listen to the radio or television with the sound turned up really high?

Have trouble hearing what people are saying to you?

Feel sad because you cannot hear what people are saying?

Is there a noise in your ears that sounds like...

A fly?  A snake?  A bell?

These sounds can be for a long time or a short time and may be in one or two ears.

Do you feel like falling down?

Do your ears feel full?

TALK TO YOUR HEALTH WORKER.
Does your body feel like this...

- Tingling in your toes, your feet, your legs or arms?
- No feeling in your hands, feet, legs and arms?
- You can’t walk and you feel like you are falling?

Talk to your health worker.
Do you think about hurting yourself?

Are you tired all the time?

Is your body feeling weak, scratchy, burning, shaky?

Can you sleep at night?

Do you see things that others cannot see?

TALK TO YOUR HEALTH WORKER.
