Improving Access for Quality-Assured TB Medicines and Diagnostics

Update on GDF Achievements &
New Strategic Framework Implementation

Dr Joel Keravec
GDF Manager

Global TB Conference
Bangkok, 2 March 2015
Since its inception in 2001, GDF—

- Served **134** countries
- Provided **26 million** patient treatments
- Procured value of **US $1.2 billion** medicines and diagnostics
- Delivered diagnostics worth of **US $82 million**
- Reduced the price of MDT-TB treatments more than **30%** & up to **58%** for specific SLD

✔ **Save lives**

✔ Strengthen national drug management systems

✔ Contribute to TB commodities market shaping

✔ Maximize impact and value for money
**Country Support**
- One-stop mechanism
- Improved quantification at country & regional level
- Capacity building to strengthen in-country supply chain system
- TA coordination with partners and countries
- Prevent stock out

**Market Shaping**
- Visibility of Demand
- Global Forecasting
- Market landscape analysis
- Diversifying Suppliers and product portfolio
- Price reduction
- Supporting new drugs and diagnostics introduction

**Uninterrupted supply of quality-assured TB commodities at affordable price to clients**
- First-line drugs
- Second-line drugs
- Diagnostics

**Changes in GDF operations to maximize impact**
- Evolve from Grant model toward Direct Procurement model
- Foster closer/earlier interaction for GF NFM Order placement optimization by using advance ordering
- GDF strategic stockpile to contemplate FLDs + SLDs
- Financial flexibility

**Striving suppliers engagement**
- Monitor key supply chain vulnerabilities with stakeholders
- Change from production to order to production to stock
- Increasing stockpile capacity to meet production challenges
- Products: Unified multilingual packaging/ longer shelf life

**Countries**
- Global Fund PRs
- Donors, partners & NGOs in countries

**Suppliers**
- Manufacturers
  - (for active pharmaceutical ingredients/finished pharmaceutical products/diagnostics)

**Donors**
- Order
- Treatment regimen
- Stock level
- Quantification data
- Budget

**Procurement agent**
- Consolidated order
- Stock-based production

**Value for Money**
- Uninterrupted supply
  - of quality-assured TB commodities at affordable price to clients

**Information flow**
- Fund
- Medicines and diagnostics
- GDF tools
- Partners’ tools

**Milestones**
- Global Forecasting
- Diversifying Suppliers and product portfolio
- Price reduction
- Supporting new drugs and diagnostics introduction
Country Support
